CONSOLIDATED CASE

**GEOTAG’S NOTICE OF AMENDED CERTIFICATE OF SERVICE AND

SUPPLEMENTAL CERTIFICATE OF CONFERENCE FOR DOCKET NO. 1215

As of the time of filing of this Motion, the undersigned hereby certified that GeoTag had a good faith belief that this motion is opposed based on general discussions with the defendants and discussions regarding other Daubert motions in this case. At that time, GeoTag had not been able to technically fulfill the meet and confer requirement prior to filing this motion because of my serious health issues, which have been described in other filings with the Court. However, the Docket Control Order required that the Motion be filed on October 14, 2013, to meet the applicable deadline. GeoTag represented that it would timely and diligently follow up with the

defendants to confer, following which GeoTag would file a Supplemental Certificate of Conference, and modify the motion if needed based on any agreement.

As of the date of filing of this Notice, GeoTag has offered to meet and confer with the affected defendants and offered several potential dates and times to do so, all after defendants had a chance to review this Motion and the relief requested therein. Defendants did not accept GeoTag's invitation for a further meet-and-confer. Accordingly, GeoTag now certifies, in good faith, that the issues with respect to the Motion have conclusively ended in an impasse, leaving an open issue for the Court to resolve.
